## PRESS RELEASE

---

### **Do-It-Yourself TV Series Features Kuhns Bros. Log Homes**

**FOR IMMEDIATE RELEASE:** On October 23, 2005, the Do-It-Yourself (DIY) cable network will feature Kuhns Bros. Log Homes in their "Assembly Required" series. The air times are 2:00pm, 8:30pm, and 11:00pm. The 30-minute segment embraces the "do-it-yourself" appeal of constructing log homes. The log home segment is the third in a series of 16 episodes.

The feature follows two couples' stories of building their dream Kuhns Bros. log homes in the Virginia countryside. One couple built a sprawling 4,000 sq. ft. primary residence in Louisa, VA; while the other couple built a vacation home (1,600 sq. ft.) on beautiful Lake Anna, VA. Both homeowners tell their tales of the "do-it-yourself" projects they tackled.

Included in the segment is a tour of Kuhns Bros. Log Homes manufacturing plant located in Lewisburg, PA - see the company's 135-acre production facility, kilns, planer mills, cut shop and shipping yards.

According to DIY, the entire series will air several times throughout the year and emphasizes the advantages of systems built (or prefabricated) homes: such as log, modular, panelized, and timber-frame. A list and hyperlinks to participating manufacturers is included at [www.diy.net](http://www.diy.net). Please refer to this site for possible air-time changes.

Kuhns Bros. Log Homes, Inc. remains a leading manufacturer in the log home industry. The company has been manufacturing kiln-dried log homes for over 20 years, annually delivering more than 350 homes across the country. Kuhns Bros. provides a unique approach for log home enthusiasts by offering hands-on construction workshops and the exclusive "No-Shop™" log home package. Kuhns Bros. is a member of the Log Homes Council and National Arbor Day Foundation. For more information, please visit our website at [www.kuhnsbros.com](http://www.kuhnsbros.com), or call 1-800-326-9614.
