PRESS RELEASE

KUHNS BROS. LOG HOMES' COUNTRY LOG CABINS DIVISION LAUNCHES NEW WEBSITE

It is official: Country Log Cabins (CLC) is excited to announce the upload of the new and improved CLC website – www.countrylogcabins.com. The website was live effective June 14, 2007!

The new website is extremely informative and is loaded with beautiful photographs, floor plan options, valuable resource links, planning tools, and so much more! Kuhns Bros. Corporate Marketing and Information Technology departments collaborated with several outside agencies to create the highly interactive website.

“The new CLC website is a direct reflection of what log home enthusiasts have asked for,” says Tonya Ditty, Kuhns Bros. Director of Marketing. “We’ve greatly expanded our selection of floor plans and have highlighted many new custom designs to meet the needs of our clientele. In addition, there is an abundance of top notch photography for all to enjoy!”

Kuhns Bros. Enterprise is an ongoing evolution, beginning with Kuhns Bros. Lumber Co. in 1962. Prompted by the success of their first company and understanding the benefit of economies of scale, the Kuhns family began establishing mutually advantageous, synergistically related companies. The first was Kuhns Bros. Log Homes in 1983, followed by Country Log Cabins in 1996; both American Heritage Crafters and T&T Realty Acquisitions were established in 2003. In 2006 Log Building Solutions was added, followed by Kuhns Bros. Pro Hardware in 2007.
