PRESS RELEASE

KUHNS BROS. BUILDS LOG HOME AT QUEBEC SHOW

For immediate release – Lewisburg, PA/Montreal QC, Canada:

Kuhns Bros. Log Homes took another major step forward in the Canadian marketplace when they collaborated with Roch and Jocelyne Desjardins, Kuhns Bros. sales representatives, to build a feature home at the RE/MAX Montreal National Home Show -- “SALON NATIONAL DE L’HABITATION” (<http://www.salonnationalhabitation.com/en/galerie.php>).

The result of the Kuhns/Woodmaster partnership was a beautiful Kuhns Bros. 1,900 sq. ft., 3 bedroom log home in 8x8 Double V Groove log profile. The floor plan designated was the “Swatara” model, a selection from Kuhns Bros. new Destinations Designs. With its stunning beam & purlin roof throughout and the added touches that Roch and Jocelyne provided with the interior and exterior accessories and furnishings, the home was the main feature of the show and visitors were stunned to see what could be created with a log home.

The “Salon National De L’Habitation” show was held March 16 - March 25, 2007 and welcomed over 155,000 visitors. This event serves as Quebec’s largest home show; in fact, it’s one of the largest shows in Canada.

John Quinn, Kuhns Bros. International Sales Manager, added, “Roch and Jocelyne did a wonderful job of combining the romantic feeling of a log home with all the modern conveniences. The open floor plan was very inviting for the visitors, and many left with an “at home” feeling and the urge to someday live in a log home!” The show was a huge success and another big step forward for Kuhns Bros. expanding international markets. The next few years look busy with Woodmaster and Kuhns delivering some spectacular homes to a beautiful part of

the world. All of this would not have been possible without the diligent work of Roch and Jocelyne and Kuhns' corporate employees Kevin Hoover, Dan Mack, and John Quinn who were instrumental in making sure that the home was completed in the four days allotted by the show for the model's erection.

About Woodmaster Canada:

Roch & Jocelyne Desjardins, owners of Woodmaster Canada, have been Kuhns Bros. Log Homes Sales Representatives since 1998 and represent the Provinces of Quebec and Ontario. They have over 40 years of construction experience and have imported dozens of homes into Canada. To learn more about Woodmaster Canada check out their website at www.woodmastercanada.com.
